Texte diagnostique

| Read this text:

You live in Varonne-la-Belle, a large village in a very attractive rural area of France.

From 1985 onwards, unemployment began to rise in the area as agricultural labour slowly disappeared. A number of the inhabitants left to find work elsewhere, and the village began to die.

For the last three years the local school has had only two classes. Older children and lycée students are bussed to the town 15 km away. However, in recent years there has been an influx of incomers to Varonne. Many of them have families with young children. They come from other EU countries and from French metropolitan areas. As well as the quality of life, they are interested in the careers offered at the new Centre of Research Excellence that opened up in the town nearby.

Last week you read the following headline in your local newspaper:

Regional government to close village school

Here are some other facts:

- craft & health-food shops opening in village
- Varonne amateur football team started
- tourists returning; bed & breakfasts opening
- three similar rival villages in area (all with schools)
- incomers = employment for local artisans
- property prices rising

Now write a letter to the local newspaper, protesting about the decision to close the school. Use a selection of the above facts to strengthen your argument.

Les majuscules

Majuscules, minuscules ou choix ?

Le but de ce chapitre est de vous aider à apprendre la dizaine de règles qui s'appliquent en anglais dans ce domaine et de reconnaître où (et si) vous avez le choix.

Lisez ces deux adresses – la première en France, la deuxième en Angleterre :

15 rue de l'Orme

15 Elm Street

Hormis l'ordre des mots, la différence c'est la majuscule que prend Street dans l'adresse anglaise alors que street et rue sont des noms communs dans les deux cas. Voici d'autres exemples :

la bataille de Stalingrad

le ministre de la Santé

the Battle of Stalingrad

the Minister of Health

et d'autres différences d'usage :

le Soldat inconnu

la mer Rouge

the Unknown Soldier

the Red Sea

*Dans les exercices qui suivent, nous allons découvrir quelles sont les « règles d'usage » et où se trouvent les choix, assez rares. Un résumé de ces règles se trouve dans la partie **Commentaires de la Clé des exercices**.*
