

CHAPTER 13 SHOPPING IN THE CITY

They cross the street and go to the underground station. Then they take the underground to the shopping center.

When they arrive, they go past the supermarket and the post office. They enter in the costume shop.

It is dark and dusty inside the shop. They see the different shelves with the costumes and their price tags.

'Excuse me sir,' Alice says to the shop assistant. 'Where is the Halloween section please?'
'It is on your left young lady.'

They look on the shelves to find their new costume.
'Aah,' screams Pria. 'Look at that.'
She points a scary costume.
'It is exactly the fur of the beast.'

LEGENDS AND CELEBRATIONS

On Halloween night, everybody goes to the ball room to celebrate. Teachers and pupils wear costumes.

A lot of monsters are invited: ghosts, skeletons, witches on brooms and giant bats.

The ballroom is decorated as a haunted castle. There are spiderwebs and bats in the corners.

'Oh here it is!' Adel shouts. On their left there is the buffet. A lot of candies are arranged in scary pumpkins.

'Who is that werewolf over there?' Alice asks. 'It is so scary!' Adel says. 'It looks familiar,' Pria says. 'Let's go talk to him,' Alice says.

The ambulance arrives and two doctors take Mr. Oren to the hospital.
'Let's free the missing pupils,' Alice says.

A werewolf is a mythical monster. It is a human who turns into a scary wolf-like during the full moon. When in human form, werewolves look and act like normal humans, but they appear to be ill around nights. When in wolf form, the werewolf does not resist humans. Humans become werewolves when a werewolf **bites** them. A werewolf can be killed with When a werewolf, it turns back into a human.
